OCTOBER 2021

PRESIDENT'S POST

I hope you are enjoying the beautiful fall weather we have had lately. What a welcomed reprieve from the high temperatures and humidity.

This is the time of year when many activities are held outdoors because of the nice weather. As you will read below, there are two activities on October 23 which may be of interest to you. Please consider dropping off any unused prescription drugs at The Woodlands Township Town Hall. This is a safe way to dispose of these medications. (See details below.)

Also, the Indian Springs "Taste of the Village" is a really fun event. While you are browsing the food selections and vendor tables be sure to drop by the AIP-TW table to say hello to some of our volunteers. Maybe you can provide your personal experience with AIP-TW to someone inquiring about our organization.

Currently, the number of covid cases and deaths is trending down locally and nationally which is excellent news. Let's hope it continues and we don't see another surge after the holidays. However, if you are 65+ and received your covid vaccination 6-8 months ago you are eligible for a booster. It appears the immunity is waning for older adults and a booster may be needed to maintain protection from the virus.

Speak with your primary care physician about the booster and if he/she recommends it for you, volunteers at AIP-TW can assist you with getting an appointment as well as driving you to and from that appointment. (See more below.)

Finally, please try to join us for our annual meeting on Monday, Nov. 8 at 5 p.m. to 6:30 p.m. The Board of Directors will provide committee summaries as well as future plans for the organization. You will also have an opportunity to ask questions and provide feedback.

Enjoy the blessings of each day!

Peggy Reinhold
